

SOUTH LYON AREA HISTORICAL SOCIETY

PRESENTS

“92 years of Michigan Seamless Tube”

Ninety-two years and still going strong! Please join us for an informative evening as Larry Ledbetter, retired employee and member of the Historical Society, leads out our program with a video, pictures, and stories of the Tube Mill's beginning and growth, into the largest and oldest manufacturing business in South Lyon. Also on hand will be some of the products made by the Tube Mill. Come share your stories with us too.

Tuesday, February 19, 2019

7 PM in the Freight House at the Historic Village

300 Dorothy Street, South Lyon
